Purpose of the REOPEN Committee

The Commissioner required each school system to create a Reopen Committee to coordinate activities and also submit a REOPEN plan. The SDE published “Adapt, Advance, Achieve: Connecticut’s Plan to Learn and Grow Together”, an “LEA Template”, and a “District Survey” to use as a planning tools for reopening.

The established decision-making process in the Voluntown uses a leadership model of established committees to guide the research, review, implementation, and evaluation of the wide range of programs and communication systems to create effective and successful education programs for the youth of our community. The Reopen Committee includes representatives from committees as well as parents and community representatives.
