Purpose of the REOPEN Committee

The Commissioner in the Spring of 2020 required each school system to form a Reopen Committee to publish a REOPEN plan with proper safety precautions in the time of COVID-19. “Adapt, Advance, Achieve: Connecticut’s Plan to Learn and Grow Together”, an “LEA REOPEN Template”, and a “District Survey” were available as tools. Our Voluntown decision-making process uses a leadership model of established committees to guide the research, review, implementation, and evaluation of the wide range of programs to create effective and successful programs. Our committee includes parents, faculty, and staff, as well as community and regional representatives. VES K-8 Grades was one of just a few schools in the state to remain in-person for all of 2020. Every effort is being made to maintain safety protocols for full in-person school activities in 2021-2022. Mask wearing has now (2-10-22) become one of the talked about issues and requires a careful review by this REOPEN Committee to develop the safest follow-through for our educational community as well as follow state guidelines.
